A Message from Unicef Desk

**Ms. Shipra Saxena, WASH,
Environment, Climate change Specialist.**

Designed in Odia language with an easy Self-Learning format, the 8 WASH Guardian training modules inform youth about Water, Sanitation, Hygiene and Climate Change issues and also guide them on how they can lead action to resolve these problems in their communities. UNICEF firmly believes in bringing decision makers and influencers together with young people to not only put a spotlight on issues that matter young people the most but also generate additional opportunities for child-focussed actions and initiatives.

A Message from Pantiss Desk

**Mr. Stalin Nayak, Founder,
CEO, Pantiss Group**

We introduced the most advanced pedagogy to educate the participants on the modern days need for circular economy, which should provide an opportunity to understand the requirement of sustainable development, economic benefits of the circular economy, and many more positive aspects circular economy on the natural ecosystem, businesses, our daily lives and waste management. Here a complete module has been provided including definition as per the understanding of nonprofessional language, elaborated meaning of all terminologies, principles, advantages and barriers to implement circular economy.

Our training is all about to looking beyond the current take-make dispose extractive industrial model and how a circular economy aims to redefine growth, focusing on positive society-wide benefits.

We are privileged to get the opportunity to deliver such mass training on this important aspect of modern days challenge and manufacture change makers on this platform.

I once again warmly greet your courage and value the spirit to take this journey ahead to breath in a eco-friendly world.

Stay focused on this virtuous path of humanity. We are there to uplift these ideas to make this earth a better and safe place. Let's help each other and work on it together. With very best wishes

A BOUT THE ORGANIZATION

UNICEF

UNICEF India is committed in its continued support to the Government in this extraordinary journey of development to reach every child everywhere in India. Our goal is to enable every child born in India to have the best start in life, to thrive and to develop to her or his full potential. To achieve this we use our technical expertise together with partners to tackle the root of several, deeply entrenched structural challenges.

We have been present in India for 70 years. UNICEF's key strength lies on our evidence based technical expertise that informs policy action and implementation, while at the same time building the capacity of partners. With some 450 staff, members working in 17 states that together cover 90 percent of India's child population largest field presence among UN agencies – we are well positioned to reach the country's most vulnerable child.

PANTISS FOUNDATION

We believe that through social impact consulting and effective social impact management, we can elevate long-term sustainable change created by social investments. Our passion for community-based initiatives and understanding of the socio-cultural underpinnings of socio-economic development in India has played a guiding role in their work”.

We are skilling people to get an income-generating source for themselves, strengthening the community for social enterprises, aware the youths for a sustainable change in our environment, educating them on WASH etc. We are dreaming for a better future of Odisha and her youths.

PROGRAM OVERVIEW

Access to water and sanitation are fundamental human rights and key determinants of health.

Climate change induced Global warming has increased variability in the water cycle, leading to extreme weather events, decreased water availability and quality, threatening lives and livelihoods.

It is vital today to act to build a better future for everyone!

This programme in Odisha will endeavour to drive wash economy that will impact WASH products and service in the state in line with Jal Jeevan Mission & Swachh Bharat Mission mandate and eventually benefit the communities.

TESTIMONY

I am **Taniya Swain** from Basanta Panchayat, **Chhendipada**. I am very much thankful to Pantiss and unicef for giving me this opportunity to get training about Plastic Waste Segregation and also learning regarding hygiene and sanitation.

I did not know anything about how many type of plastic, after the training I got to know there are 7 type of plastic we use. It very much helpful for our day today life journey.

I am **Subhalaxmi Sahoo** from **Angul**. I am very much thankful to Pantiss and Unicef for giving me this opportunity to get training about Plastic Waste Segregation and also learning regarding hygiene and sanitation.

I did not know anything about how many type of plastic, after the training I got to know there are 7 type of plastic we use. It very much helpful for our day today life journey.

I am **Subhashree Behera** from Banarpal, **Angul**. I am very much thankful to Pantiss and Unicef for giving me this opportunity to get training about Plastic Waste Segregation and also learning regarding hygiene and sanitation.

I did not know anything about how many type of plastic, after the training I got to know there are 7 type of plastic we use. It very much helpful for our day today life journey.

PANTISS
Group of Non-Profits

unicef 
for every child

THANK

YOU
