

#YOUTH4WATER
PLUS

Welcome to the world of the youth as WASH Guardians'

Started in 2019, The #Youth4Water Plus Campaign aims to reach out to and engage youth of the eastern state of Odisha on WASH and climate actions. Having already reached out to 5,00,000 youth, the campaign now seeks to connect with 10,00,000 youth. Through interactive WASH Guardian trainings, entrepreneurship support, innovation challenge and mentorship, our goal is to make 50,000 youth WASH Guardians for Odisha.

Through online and offline activities designed by the youth, for the youth, we hope to make every youth a WASH Changemaker!

**Join in today, to become
WASH Change Agents!**

Partner with us!

#Youth4Water Plus aims to reach 10,00,000 youth. This youthful campaign has already attracted many reputed organizations as partners. If your organization works with youth or on WASH & climate change, we invite you to partner with us. Let us work together towards our shared goals of empowering youth for WASH and Climate Change.

Our Mission

Youth4Water Plus is about making youth empowered change agents for the Society, State, and Nation by achieving inclusive WASH goals as envisioned by the UN Sustainable Development Goals

You can be a part of these activities & more!
